

THE JOHN AND MARCIA CARVER
NONPROFIT GENETIC TESTING LABORATORY

Project CHM / CRF and Carver Lab Free Genetic Testing Program Choroideremia Genetic Testing VOUCHER

Please include this voucher with the forms completed by your doctor to submit to the Carver Laboratory for cost-free genetic testing.

Funding for this program has been provided by the CRF and PTC Therapeutics.

Issued by the Choroideremia Research Foundation, Inc.
Voucher expires December 31, 2022

To use this voucher you must:

- Have been examined by a physician and received a clinical diagnosis of Choroideremia (CHM)
- Provide the doctor ordering your test with a copy of your clinical diagnosis of CHM
- Have not already obtained a CLIA-certified genetic test for CHM
- Have your physician submit the request for CHM genetic testing
- If possible, please provide genetic testing results from a family member which can shorten the length of time for you to obtain results
